EDUCATION

Lovely Professional University Master of Computer Applications	Aug 2023 - May 2025 CGPA: 7.8/10
Trinity College Jalandhar (GNDU) Bachelor of Computer Applications	Aug 2020 - May 2023 CGPA: 6.8/10
Govt. school (boys) Jalalabad(w) Senior Secondary (Class XII)	Apr 2018 - Mar 2020 Percentage: 77.7

SUMMER TRAINING

Dynamic Programming	Jun 2024 - Jul 2024
• Built a strong foundation in dynamic programming to solve complex coding problems and improve algorithmic thinking.	
Database Management System	Jun 2024 - Jul 2024
• Learned key DBMS concepts like SQL, normalization, and data design. Created and managed databases based on real-world scenarios.	
Soft Skills	Jun 2024 - Jul 2024
• Gained soft skills such as communication, teamwork, and time management through academic and collaborative projects.	

PROJECTS

Car Rental Platform	Mar 2023 - May 2023
• Developed a responsive web application for car rentals, allowing users to browse and book vehicles based on preferences. • Implemented the front-end using Bootstrap, HTML, CSS, and JavaScript for an intuitive user interface. • Integrated PHP and MySQL for dynamic booking functionality and database management. • Delivered a smooth booking experience with multiple car options and availability filtering. • Tech Stack: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL	
Gym Training Management System	Oct 2024 - Nov 2024
• Engineered a web-based application to manage workout routines, training content, and meal planning for gym members. • Outlined and deployed a user-centric interface for both trainers and members using HTML, CSS, and JavaScript. • Built secure backend functionality for login authentication, workout scheduling, and attendance tracking using PHP and MySQL. • Optimized UI for cross-device compatibility, ensuring a seamless user experience on desktops and mobile devices. • Tech Stack: HTML, CSS, JavaScript, PHP, MySQL	

CERTIFICATIONS

• IBM: Java Fundamentals	Feb 2022
Gained strong foundational knowledge of Java, including syntax, control structures, and OOP principles like inheritance, encapsulation, polymorphism, and abstraction.	
• Deloitte Australia: Technology Job Simulation	Jun 2025
Completed a job simulation involving software development and coding tasks.	
• Meta: Frontend Development	Jul 2025
Gained proficiency in HTML, CSS, JavaScript, React.js, and responsive web design. Designed and implemented responsive, accessible UI components aligned with modern web standards.	

TECHNICAL SKILLS

- **Language:** Core Java
- **Technologies/Frameworks:** HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React.js
- **Developer Tools:** VS Code, Git, Github

ACHIEVEMENTS

• IT competition	Apr 2022
Participated and ranked 3rd in the IT competition by Trinity College, Jalandhar.	
• Logo Designing competition:	Sep 2022
Participated and secured 3rd position in logo design at KMV College, Jalandhar.	

EVENTS PARTICIPATION

• Presented a web-based chess game at the 8th Innotek Project Showcase organized by Lovely Professional University, demonstrating design, logic, and interactivity.	Apr 2025
